

Ozen Kompressor TK-CK piston compressor series is designed to provide reliable and high-quality compressed air source in different industrial applications. TK and CK series piston compressors that meet the uninterrupted air requirement of small businesses, increase your productivity with easy access to spare parts and low maintenance costs. All models in high-quality piston compressor series offer mobility, low noise level and ease of use.

Easy to use and Quality Equipment

- Low speed
- Highly efficient and long-lasting
- Low noise level
- Ideal and ergonomic head structure
- Durable to heavy conditions and continuous operation
- Cast iron cylinder and cylinder covers
- Ductile cast iron crankshaft
- Special alloy aluminum piston rods
- Special alloy cast iron body
- Electric box suitable for compressor

Piston Air Compressors
